Forecast for Tuesday 11 Jul 2023

Weather: Mainly cloudy overnight with showers or longer periods of rain, with outbreaks heavier during the early hours and focused south of Knoydart and Ben Wyvis. Limited brighter spells mixed with showers through Tuesday with outbreaks well scattered early morning, building to frequent showers or longer periods of rain from late morning, with hail and thunder most likely towards the Great Glen, where they will be quite slow moving. Showers easing from the north late evening.

Chance of cloud-free hill tops above 800m: 80-90% early morning, becoming 60-70% from late morning

Low cloud and visibility: Good or very good becoming moderate or poor in showers, very poor within cloud with bases lowering 600m at times, chiefly as showers push through.
